Subject: NMFS internal update for Wed Director's call

Folks,

Below is the near-term schedule on the ROC BiOp drafting schedule and coordination points with Reclamation and USFWS. We are also making progress on the following:

1. Lining up the peer review (Cathy is on point to provide a list of potential reviewers to John Ferguson).
2. Coordinating with the science center regarding life cycle modeling: They have the base data from Reclamation and we are in discussion regarding modeling scenarios.
3. We should have an update from Paul today on the Reclamation providing additional modeling support through ICF.
4. We should have an update from Paul on FWS support for a technical editor for the NMFS BiOp.
5. We are also working with FWS regarding CALSIM support from Derek Hilts.

Date	Task
Friday, Feb. 15	Pens down on BA review NMFS/USFWS Director's call to brief on elevated topics coming out of the NMFS BA review.
Tuesday, Feb 19	NMFS all-day meeting to roll-up review comments into top priorities
Wednesday, Feb 20	Brief Barry and Maria on top tier BA review findings NMFS/FWS meeting to coordinate on BA review findings
Thurs-Fri, Feb. 21-22	All day meetings with Reclamation to go over NMFS and FWS BA sufficiency reviews
Monday, Feb. 25	NMFS team begins drafting Effects Analysis
