Subject: Upcoming ROC on LTO Milestone

Good morning Effects Drafting Team,
Thanks for all of the hard work you all have been putting in on the effects analysis. I am sure you are all aware of the upcoming Thursday milestone for pens down on drafting the effects analysis but I just want to send out a reminder of how critical this milestone is.

Next Thursday I would like to hear from each of you if your effects analysis is signaling areas of significant concern in terms of severity of effects so that I can keep Barry apprised of any emerging concerns that are likely to bubble up to Director-level conversations.

Howard
