Subject: Technical Support Request

Hi Katrina,

I understand that you are going on what is probably a most needed extend period of leave. I am jealous right now! We queried our team to see if there is any technical support they might have, in terms of updated figures, tables or data requests, so that we could share that with you in high hopes that you might be able to help us out before you leave. Attached is what our team came up with. I will be on leave for the rest of the day, but if you have any questions about priority or anything else, I would suggest contacting Garwin.

Enjoy your time off, you will be missed!

Howard
