Subject: Re: Methods Not Used

I didn't use the delta passage model outputs because I didn't have time to write up the effects of net Delta survival. Now that we got the LCM out puts and maybe we might get some reach survival and transit time outputs from Russ (and whatever else he ran) I might have time to write it up and insert an additional section into the Delta effects.

Hey Jeff--

On Monday you mentioned that there were analyses that you weren't able to look into using for the Delta section due to time. Can you send me a list of those?

Thanks!
Cathy
