Kristin,

Please take a look at the following descriptions for Spring Creek Debris Dam

-- CVP/SWP operations BA 2008, page 2-33: https://www.usbr.gov/mp/cvo/OCAP/docs/OCAP_BA_002.pdf

-- ROC on LTO revised BA, page 4-38, section 4.10.2.5

Then please take a look at the NMFS Clear Creek effects analysis, and especially Reclamation's comments, at section 2.5.3.3 on page 8

Please address Reclamation's comments and provide enough details regarding proposed operation of the Spring Creek Debris Dam so that NMFS can provide a site-specific analysis of the PA component.

Thanks.
